CHERRY TREE
PRIMARY SCHOOL

Theme: How has land use changed in Leavesden?

During this half term we will be exploring who we are. We are investigating land use changes in Leavesden and the development of flight. In Science this term we are learning all about the human body. We will investigate what diet we need to be healthy and how bones and muscles work. Our book for English this term is War and Peas - a fable about two kings. We will also be reading The Queen's Nose in our Reading lessons, a fun story about a magical coin and some wishes. We have so many great things planned to do with the children during this first term in Year 3 and are looking forward to learning together!

As well as the homework menu, we expect children to complete other tasks throughout as below.

Reading	Daily	Please read at home daily. This could be a shared read with a member of your family, an opportunity for you to read to an adult in your family as well as time to quietly read and enjoy a good book on your own. Share with your family the books we are reading in class and keep them up to date with events as they unfold!
Maths	Daily	In Year 3, children should practise the 3, 4 and 8 times tables up to 12×3 , 4 and 8 and corresponding division facts (e.g. $24 \div 4 = 6$). You can use chanting, singing, copying out the tables or practise using online games and apps. Fluency - https://www.topmarks.co.uk/ Times tables - https://trockstars.com/ If you are looking for an extra challenge have a look at this NRICH challenge: https://nrich.maths.org/8958..
Spelling	Daily	Look at the spelling list and practise the spellings. Can you put these spellings into sentences? When reading look out for words with our spelling pattern and add them to the list. Use your home learning book to practise your spellings.
Handwriting	Whenever you're writing in your Home Learning book	Use your spelling homework to practise your best handwriting. Remember to use an appropriate writing utensil.
