

Sports Premium 2023-2024

CHERRY TREE
PRIMARY SCHOOL

As you may be aware, the Government has provided, since 2013, additional funding each academic year to improve the provision of Physical Education (PE) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport. For the Academic Year 2023-2024 we will receive £19,570.

We use the allocated money to enhance sporting activities and provision for our children.

2023-2024 – Current Year

£19,570 – We are continuing to pay for a sports coach to enhance sports focusing on ensuring all pupils engage with regular physical activity. Challenge Sports are used during lunch time activities as well as before and after-school clubs to enhance and promote the P.E. curriculum. They are also used to enrich the inter-trust competitions for our trust schools to work in partnership. Challenge Sport are used to upskill the teachers PE knowledge.

2022-2023 – Last Year

£19,340 - for a sports coach to enhance sports focusing on ensuring all pupils engage with regular physical activity. Challenge Sports are used during lunch time activities as well as before and after-school clubs to enhance and promote the P.E. curriculum. They are also used to enrich the inter-trust competitions for our trust schools to work in partnership. Challenge Sport are used to upskill the teachers PE knowledge.

How the funding has impacted positively on the Teaching and Learning of PE

The emphasis on Physical Education at Cherry Tree encourages pupils to adopt a long term, healthy lifestyle that is enjoyable and fulfilling. This culture inspires our children to engage in physical activity which raises their attainment, extends their potential, and develops a lifelong, active lifestyle.

In July 2024, 42% of Year 6 children could swim more than 25 metres. They are taught to swim on their front and back as well as breaststroke. Children are also taught how to perform safe self-rescue skills in a variety of contexts. Covid has had a significant impact on their ability to swim as they missed swimming lessons during the early stages of their life.

This term Challenge Sport are working with the specialist PE teacher to ensure pupils have a high-quality PE session as well as closing the gaps due to Covid.

We have also had our school mapped out for orienteering courses with plaques up around the school grounds. All teachers have been trained on orienteering skills and how to teach this during their PE lessons. We will encourage staff to use this during the academic year.

We are continuing with the Daily Mile to the school. This is a fully inclusive, free and simple initiative which improves the physical and mental health and wellbeing of children. We have taken part in the mini marathon running 2.6miles which is supported by Virgin. All children walked, jogged or ran the 2.6miles and received a certificate.

Enrichment - Creating rich, varied and inclusive school sports opportunities as an extension to the curriculum

During 2023-2024 all of our pupils will have had the opportunity to take part in school sports clubs, National School Sports Week and theme days throughout the year. Year 1-6 will also take part in an Inclusive Academy Trust Sports Day competing against the other schools in our trust.

Impact of sports premium on children attending clubs:

- Offering a variety of clubs has resulted in children having a wide range of choice and more skills being learnt.
- The number of children attending the clubs since Autumn 2012 has increased from 52 to 158.
- Some children are participating in more than one club during the school week.

Plans for the rest of the year 2023-2024:

- National Sports Week and Sports Day
- Matches against other schools
- Trust sports day.

Sustainability

Through CPD our staff have enhanced their knowledge which they will continue to use when teaching sports lessons.
